INTRODUCTION TO AQTF

The Australian Quality Training Framework (AQTF) is the national set of standards which assures nationally consistent, high-quality training and assessment services for the clients of Australia’s vocational education and training (VET) system. The AQTF was initially established in 2001 for implementation in 2002. This version is effective from 1 July 2010.

The Ministerial Council for Tertiary Education and Employment (MCTEE), which includes all Ministers for VET in Australia, has approved these quality arrangements.

COMPONENTS OF THE AQTF

The components of AQTF are:

**AQTF Essential Conditions and Standards for Initial Registration** – Applicants seeking to become a registered training organisation (RTO) must meet these standards in order to be registered to deliver and assess nationally recognised training and issue nationally recognised qualifications. The AQTF Essential Conditions and Standards for Initial Registration includes nine Conditions of Registration and three Standards. The focus of these Standards is the demonstration of preparedness to deliver quality training and assessment services,

**AQTF Essential Conditions and Standards for Continuing Registration** – RTOs must meet these standards in order to deliver and assess nationally recognised training and issue nationally recognised qualifications. The AQTF Essential Conditions and Standards for Continuing Registration includes nine Conditions of Registration and three Standards, with a strong focus on continuous improvement, as well as a requirement for RTOs to gather information on their performance against three Quality Indicators.

**The Quality Indicators** – The Quality Indicators have been designed to help RTOs conduct evidence-based and outcomes-focused continuous quality improvement, and assist a registering body to assess the risk of an RTO’s operations. Under the AQTF, RTOs are required to collect and use data on three Quality Indicators which have been endorsed by the National Quality Council (NQC) or its successors: Learner Engagement, Employer Satisfaction and Competency Completion.

**AQTF Standards for State and Territory Registering Bodies** – The Registering Body is responsible for registering training organisations and for quality assuring the training and assessment services they provide, in accordance with the AQTF and relevant legislation within each jurisdiction. The Standards and a set of supporting National Guidelines provide a national quality assurance framework.

**AQTF Excellence Criteria** – These are criteria that RTOs may use voluntarily to continue improving the quality of their training and assessment and to gain recognition of their performance.
KEY FEATURES OF THE AQTF

Outcomes focused
The AQTF focuses on the quality of services and outcomes being achieved for clients rather than the inputs used to get there. This means that RTOs have more flexibility in demonstrating how their individual approaches provide quality training outcomes for their clients.

Nationally consistent
Individuals expect that they can use the skills from nationally endorsed qualifications across Australia and employers expect that the staff they hire have the same skills no matter where they were trained. For this reason the AQTF includes national guidelines for a registering body to ensure consistent interpretation and implementation of AQTF.

Streamlined
The Standards for RTOs have been simplified and streamlined to focus on outcomes. The AQTF places the focus of quality assurance on training and assessment, client services and management systems.

Transparent
National guidelines, handbooks and guides are readily accessible through the National Skills Standards Council website at www.nssc.natese.gov.au.

THE BENEFICIARIES OF THE AQTF

Learners have equitable access to quality training and assessment services tailored to their needs and the learning outcomes they seek.

Industry, unions, enterprises and regulators have confidence that RTOs are delivering training and assessment services to achieve the skill requirements of nationally recognised qualifications developed by industry.

Registered Training Organisations (RTOs) can focus on providing quality training and assessment in the way that best suits their business. No matter what the size or scope of the organisation, an RTO can also seek recognition of excellence.

Registering Body (the body which registers training organisations) is part of the national system of registration and audit that is outcomes-focused and risk-managed to streamline quality assurance processes. The registering body has clear Conditions and Standards by which to monitor and confirm that RTOs are providing quality training and assessment services.
AQTF ESSENTIAL CONDITIONS AND STANDARDS FOR CONTINUING REGISTRATION

Conditions of registration

Condition 1 – Governance
The RTO’s Chief Executive must ensure that the RTO complies with the AQTF Essential Conditions and Standards for Continuing Registration and any national guidelines approved by the National Quality Council or its successors. This applies to all of the operations within the RTO’s scope of registration, as listed on the training.gov.au website.

The RTO’s senior officers and directors or substantial shareholders who are in a position to influence the management of the organisation must satisfy fit and proper person requirements unless these requirements have already been met through other legislative provisions.

The RTO must also explicitly demonstrate how it ensures the decision making of senior management is informed by the experiences of its trainers and assessors.

Condition 2 – Interactions with the Registering Body
The RTO’s Chief Executive must ensure that the RTO co-operates with its registering body:

• in the conduct of audits and the monitoring of its operations
• by providing accurate and timely data relevant to measures of its performance
• by providing information about significant changes to its operations
• by providing information about significant changes to its ownership
• in the retention, archiving, retrieval and transfer of records consistent with its registering body’s requirements
• by providing a statement demonstrating its financial viability and/or its annual financial statements and/or a business plan on request of the registering body.

Condition 3 – Compliance with Legislation
The RTO must comply with relevant Commonwealth, State or Territory legislation and regulatory requirements that are relevant to its operations and its scope of registration. Condition 5 – Financial Management

The RTO must be able to demonstrate to its registering body, on request, that it is financially viable at all times during the period of its registration.

The RTO must provide the following fee information to each client:

• the total amount of all fees including course fees, administration fees, materials fees and any other charges
• payment terms, including the timing and amount of fees to be paid and any non-refundable deposit/ administration fee
• the nature of the guarantee given by the RTO to complete the training and/or assessment once the student has commenced study in their chosen qualification or course
• the fees and charges for additional services, including such items as issuance of a replacement qualification testamur and the options available to students who are deemed not yet competent on completion of training and assessment, and
• the organisation’s refund policy.

Where the RTO collects student fees in advance it must ensure it complies with one of the following acceptable options:

• (Option 1) the RTO is administered by a state, territory or commonwealth government agency, or
• (Option 2) the RTO holds current membership of an approved Tuition Assurance Scheme, or
• (Option 3) the RTO may accept payment of no more than $1000 from each individual student prior to the commencement of the course. Following course commencement, the RTO may require payment of additional fees in advance from the student but only such that at any given time, the total amount required to be paid which is attributable to tuition or other services yet to be delivered to the student does not exceed $1,500, or
• (Option 4) the RTO holds an unconditional financial guarantee from a bank operating in Australia for no less than the full amount of funds held by the RTO which are prepayments from students (or future students) for tuition to be provided by the RTO to those students, or
• (Option 5) the RTO has alternative fee protection measures of equal rigour approved by the registering body.

The RTO must have its accounts certified by a qualified Accountant to Australian Accounting Standards at least annually, and provide the certificate to its registering body on request. If the registering body reasonably deems it necessary, the chief executive must provide a full audit report on the RTO’s financial accounts from a qualified and independent accountant.

Condition 6 – Certification & Issuing of Qualifications & Statements of Attainment

The RTO must issue to persons whom it has assessed as competent in accordance with the requirements of the Training Package or accredited course, a qualification or statement of attainment (as appropriate) that:

• meets the Australian Qualifications Framework (AQF) requirements
• identifies the RTO by its national provider number from the training.gov.au website
• includes the Nationally Recognised Training (NRT) logo in accordance with the current conditions of service.
The RTO must retain client records of attainment of units of competency and qualifications for a period of thirty years.

The RTO must provide returns of its client records of attainment of units of competency and qualifications to its registering body on a regular basis, as determined by the registering body.

The RTO must:

• obtain full AVETMISS data according to the requirements, and subject to any applicable exemption, provided under the National VET Provider Collection Data Requirements Policy;

The RTO must meet the requirements for implementation of a national unique student identifier.

**Condition 7 – Recognition of Qualifications Issued by Other RTOs**

The RTO must recognise the AQF qualifications and Statements of Attainment issued by any other RTO.

**Condition 8 – Accuracy and Integrity of Marketing**

The RTO must ensure its marketing and advertising of AQF qualifications to prospective clients is ethical, accurate and consistent with its scope of registration. The NRT logo must be employed only in accordance with its conditions of use.

**Condition 9 – Transition to Training Packages/Expiry of Accredited Courses**
